Product name	Single use Diathermic Slitter DP2618DT	
Identifier	-35-	-50-
Jaw length	3.5 mm	5.0 mm
Working length	1,800 mm	
Maximum diameter of insertion portion	2.7 mm	
Forceps channel diameter of compatible endoscope	2.8 mm or more	

ClutchCutter DP2618DT-35-

ClutchCutter DP2618DT-50-

**ESD procedures**

► **Incision**

Grip the mucous membrane by using the toothed jaws, lift up and start with the incision.

► **Dissection**

Grip and lift up the submucosa, look to confirm, and dissect.

► **Coagulation**

An efficient coagulation of bleeding spots is possible by using the high frequency jaws.
